General Aviation Flight School

- Ground Training
- Private Pilot
- Commercial Pilot
- Instrument Rating
- Flight Instructor

We offer a variety of opportunities for those who are looking to start or improve their pilot skills. Our instructors are here to help you succeed.

If you are just beginning your path to be a pilot the first step is a discovery flight. Please schedule your flight with our staff and we will get you on the path to success.

If you already have some flight time under your belt and are ready to move on or continue your education, we can help. Please ask our staff to schedule a time to speak to one of our instructors.

Our Instruction is both online and in person training. We are proud to offer a variety of online courses utilizing King Schools curriculum for our students. The in person training is completed here at General Aviation Jet Center.

If you are interested in learning more, please be sure to reach out to our staff to get more information or set up a time to speak to one of our instructors.
